

COST EFFECTIVE IMPACT PRODUCT

dB FFR Resilient Underlay is a fully recycled rubber designed for use with both soft and hard flooring, such as Engineered timber, Laminate, stone flooring and carpet, designed to absorb footfall noise and increase living standards within the construction, whether in residential or commercial applications. The material also has a Zero OPD (Ozone Depleting Potential) and Zero GWP (Global Warming Potential).

The specially selected Rubber particles and fibres are designed to give excellent resilience yet upmost compressive strength.

	Impact Rating	41 dB L_{nTw}
	Airborne Rating	51 dB $D_{nTw} + C_{tr}$
	Thickness	6mm
	Sheet Dimensions	1.25m x 10m
	Area	12.5m ²
	Eco Product	Yes

All test data is site test data with suitable ceiling treatments & flanking paths removed. For more construction details for the test results please contact the office.
